

Single Pro™ Wet/Dry Vacuum System

The powerful **Single Pro™ Wet/Dry Vacuum System** is designed for heavy-duty commercial and industrial floor maintenance.

Used stand-alone as a traditional wet/dry vac, it's great for picking up spills, detail cleaning, job site cleanup, flooding, vehicle and equipment detailing, and more. Or, it can be easily mounted on **Flex Trolley-Bucket** where it becomes an integral component of a high-performance

Single Pro™ Wet/Dry Vacuum System.

PERFECT FOR:

Wet or Dry Vacuuming
Spill Pick Up
Detail Cleaning
Vehicle Cleaning
Equipment Cleaning
Job Site Clean Up
Flooding

HIGHLIGHTS

- Powerful vacuum combined with top quality squeegee head thoroughly removes soils and contaminants.
- Extra long vac hose improves productivity and function.
- Swivel casters provide easy 360-degree mobility.
- Extremely durable construction.
- Heavy duty two-stage vacuum motor provides powerful suction.
- Quick draining tank for easy emptying and cleaning.
- Wide-area and narrow squeegee heads available.

Single Pro™ Wet/Dry Vacuum System

The patented **Single Pro™** Flex Trolley-Bucket is the most versatile mop bucket available today. For starters, it makes an ideal mop bucket/wringer combo for traditional cleaning. But, it also does way more. Its self-dispensing spigot is perfect for applying fresh cleaning solution, degreaser, stripper, floor finish and gym finish quickly and flawlessly. Plus, when you're ready, simply add **optional wringer** components to build a custom hygienic cleaning system that fits your exact needs.

Considering all that the Trolley-Bucket offers, why would you ever buy another standard mop bucket again?

PERFECT FOR:

Food Service
Healthcare
Education
Retail
Sports/Fitness

Daily Floor Cleaning
Finishing Floors
Stripping Floors
Degreasing Kitchens
Applying Gym Floor Finish

10 Gallon Reservoir

Optional Wringer for Traditional Mopping

Accommodates up to Five Bins

Pour Spouts and Rim for Easy Dumping into Toilets

Built-in Tool Holders around the Rim

Variable Flow Spigot Dispenses Fresh Solution

HIGHLIGHTS

- As the basic building block of the OmniFlex Crossover Cleaning System, it can be converted in seconds to a Dispense-and-Vac, Spray-and-Vac, or Spray-and-Squeegee system.
- The self-dispensing solution bucket ensures that only fresh, clean solution is ever used.
- Spigot throttle manages the amount of solution used, reducing chemical costs while producing better results.
- Designed for flawless waxing, the precise flow of floor finish from the spigot along with smooth microfiber application provide a level coat of finish with no bubbles or streaks, eliminating costly redo's.
- Multiple handle options provide maximum versatility.
- It accommodates up to five bins to hold an assortment of tools, microfiber pads, and supplies.
