

Ultra Clean 500™ Wet/Dry Vacuum

Ultra Clean 500™ approach lets you customize a cost-effective cleaning system for virtually any task or surface in the building. Begin with the components you require now and then add others as your cleaning needs evolve.

This revolutionary system offers an unprecedented range of cleaning capabilities and the ultimate in flexibility. The possibilities are nearly endless, enabling a variety of popular and advanced cleaning processes. So, whether you're simply cleaning for appearance or cleaning for health, the Ultra Clean 500™ Cleaning System can help you achieve the results you need.

WEAR THE RIGHT ACCESSORIES!

Carry the right tools for more effective cleaning and fewer trips to the supply closet. Choose from multiple handle and tool options.

PUMP UP YOUR SYSTEM!

Any time you're ready to introduce spraying capability to your cleaning regimen, the Ultra Clean 500™ pump component adds a cost-effective indoor pressure washer to the system.

POWER UP YOUR CLEANING!

The high capacity wet/dry vac removes soils, contaminants and other unwanted matter for true hygienic cleaning. Its high quality squeegee head and extra-long hose boost productivity and results.

START WITH THE BASICS!

Start with the most versatile trolley-bucket available today. Use it with a wringer for basic mopping or add

Ultra Clean 500™ components and tools to build a custom cleaning system to fit your growing needs.
